

How to Upload a New Solution in VNNox

1 Navigate to <https://us.vnnox.com/standard/#/dashboard>

The screenshot displays the VNNox dashboard interface. At the top, there is a navigation bar with a search icon and a user profile icon. Below the navigation bar, there are several sections:

- Content:** A table listing media files with columns for Media Name and Updated. The table contains 9 rows of data, including files like "2024(1).mp4" and "2024(9).mp4".
- Solutions:** A table listing solutions with columns for Solution Name and Operate. The table contains 8 rows of data, including solutions like "January 2025" and "New Solution20241204190112".
- Screens:** A section showing screen management options, including a "Screen Name" field and a "Current Solution" dropdown.

Additional features visible include a "Quick Control" panel with options for Screen Status Control, Brightness Control, Time Synchronization, and Monitor. A notification banner at the top indicates that "[Content Capacity] has been moved here."

2 Click "Content"

The screenshot shows the VVNOX dashboard with the 'Content' tab selected in the top navigation menu. The dashboard features a header with the VVNOX logo and navigation links: Workspace, Screens, Solutions, Schedule, Content, Control, Statistics, and Logs. A 'Language' dropdown and 'Publishing List' button are also visible. The main content area is divided into three panels: 'Content', 'Solutions', and 'Screens'. The 'Content' panel shows a list of media files with columns for Media Name, Updated, and an Upload Media button. The 'Solutions' panel shows a list of solutions with columns for Solution Name, Operate, and a Publish button. The 'Screens' panel shows a list of screens with columns for Screen Name and Current Solution, and an Add Screen button. A 'Quick Control' panel is also visible on the right side of the dashboard.

3 Click "Upload Media"

The screenshot shows the VVNOX dashboard with the 'Content' tab selected. The 'Upload Media' button is highlighted with an orange circle. The dashboard displays a list of media files with columns for Media Name, Media Type, Media Size, Resolution, and a List View button. A notification bubble is visible in the top right corner, stating '[Content Capacity] has been moved here.' with a 'Got it' button. The 'Upload Media' button is also highlighted with an orange circle.

The screenshot shows a video editor interface. At the top, there is a navigation bar with a back arrow, the text 'January,2025', and several icons for different media types: Mixed Media, Video, Image, Text, Clock, Environment..., and Calendar Weather. Below this is a toolbar with various editing tools. The main workspace is a large black rectangle with a red text overlay that says 'Please add a solution.'. To the left of the workspace is a 'Media' panel with a 'Page' dropdown set to 'Page1' and a 'Video1' folder. To the right is a 'Widget Property...' panel with 'Area (px)' settings (X: 0.00, Y: 0.00, W: 180.00, H: 80.00) and an 'Add Video' section. The 'Add Video' section has a search bar and a grid of video thumbnails, including one with '2024 (1)(1)...' and another with '2024 (1)m...'. The 'Total Duration: 0s' is displayed at the top right of the 'Add Video' section.

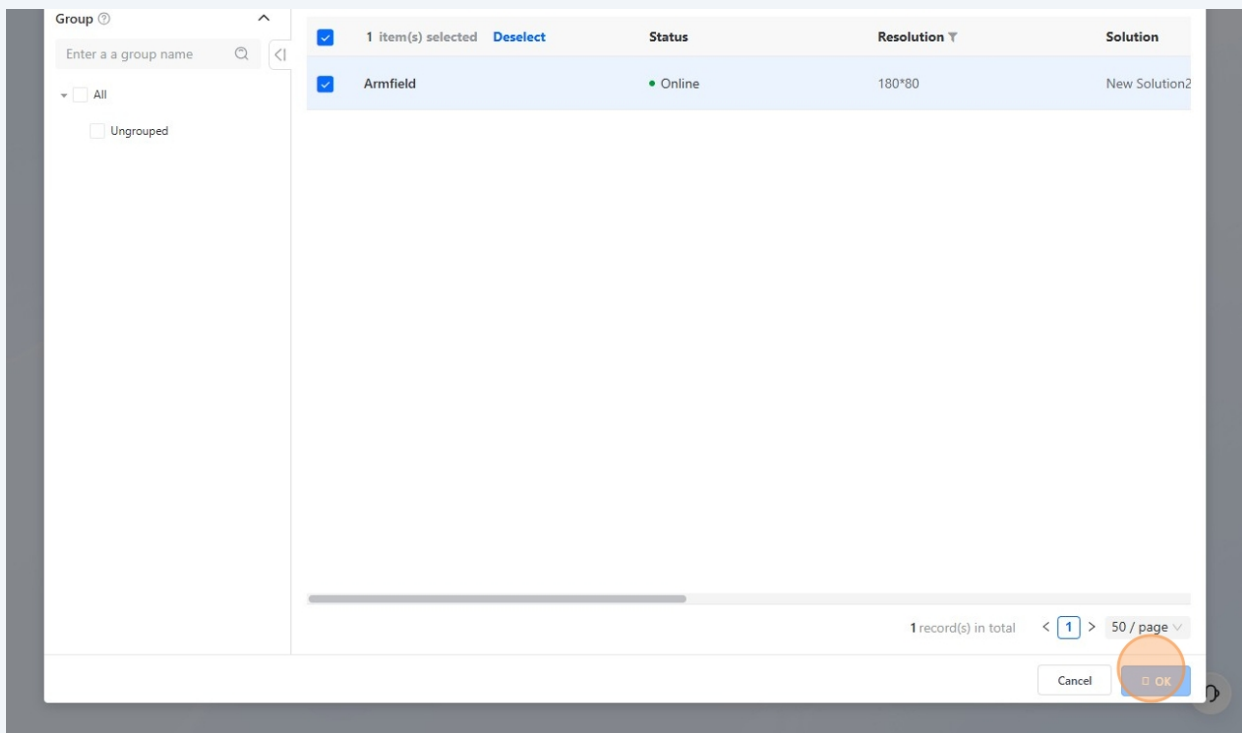

13 Click "Publish"

The screenshot shows the same video editor interface, but now the main workspace displays a completed video player. The video player has a white background with the text 'HAPPY New Year' in a gold, cursive font at the top. Below this is a large, stylized '2025' where the '0' is a smiling character with a crown and a blue bow. At the bottom, there is a message: 'Wishing you a New Year filled with new hopes, new joys, and new beginnings. May 2025 bring you endless happiness and success!'. The 'Media' panel on the left now shows a list of video files, including '2024 (1)(1).mp4'. The 'Publish' button in the top right corner is highlighted with a red circle. The 'Total Duration: 25s' is now displayed at the top right of the 'Add Video' section.
